Courtland,

Thank you. Those are simple words when stated sincerely and genuinely fit better than any others.

As a career educator, I know the joy of seeing a student excel. And so THANK YOU! We at Idabel public schools and the Idabel community at large are proud of the difference you are making in the world through your speaking and training.

I had my first glimpse that you would be successful when I taught you in 6th grade. Your demand for excellence on your multiplication tests was inspiring. I have spoken with faculty over the years and we still talk about you as an 8th grader giving the 8th grade graduation speech. It was awesome. Most recently the community is raving about the keynote you gave at the Idabel Chamber of Commerce banquet. Its great to know that in all of your travels, you still remember home. We feel the greatest pride because we got to listen to and experience your powerful and charismatic style first.

Continued success to you and your family. I'm excited for your future audiences. I bet they will be saying thank you also.

Sincerely,

Barbara Johnson  
Assistant Principal  
Idabel High School
