To Whom It May Concern:

I was fortunate enough to hear the wisdom of Courtland Warren in May of 2009 during a conference he was facilitating. The incredible impact Mr. Warren had on my life, personally and professionally, is priceless. Because of how he touched my life, I gained the confidence to launch my golf apparel and equipment design business. His ability to show me what was holding me back in life has allowed me to see what was working in my life, and more importantly what was not working, which allowed me the opportunity to figure out the direction I wanted to go in and how to get there.

Mr. Warren is one of a very small handful of people that I look to as a mentor. His integrity, insight, and compassion are the characteristics I admire most when I think of Mr. Warren as a man, a leader, a husband, and a father.

I am genuinely blessed that Courtland was brought into my life. Where I am today, as a man and as a business owner, is miles from where I was the day I met Mr. Warren. I attribute the growth solely to meeting Mr. Warren.

Sincerely,

Sincerely,
