I highly recommend Courtland Warren; he is one of the best Public Speakers that I have heard. Our organization sponsors a Postmasters National Banquet annually. Knowing the incredible speaking abilities of Courtland Warren I knew he would be the perfect person for the task. Courtland Warren took the information and went beyond all aspects by researching our company goals and strengths. The feedback was just phonically from our attendees he was able to impact an audition ranging from 32 to 84 years olds. This group has meet for over 43 years in various states and the banquet in Oklahoma City was the best motivated and exciting meeting ever, it was quoted by Mr. Frank Goldie "I was seating on the edge on my seat with excitement listen to each word!" Courtland Warren is powerful, dynamic, and a breath of fresh air, that can capture the attention any group.
